## The Perils and Pleasures of Cassini's Seven Year Cruise

*Presented by Julie Webster, Manager for the Cassini Spacecraft Operations Office*

When it takes twice as long to get to the Prime Mission as the Prime Mission lasts, there is plenty of time for things to go wrong. There is also plenty of time to understand and fix in-flight anomalies. This is the story of the six years and eight months of cruise leading up to the successful Saturn Orbit Insertion.

***Everyone is welcome.***
